a few kind words...

"We have been consistently impressed with the caliber of candidates presented by bubb. Their rigorous screening and evaluation process ensures that only the most qualified individuals are put forward for consideration. We have found their candidates to possess the necessary skills, experience, and expertise to thrive in their respective roles"

Susan Underwood | Director of Talent

"The partnership with bubb has been great! They are a very open-minded team, collaborative and quick to assist fast paced business. Their expertise on tech roles has supported a lot my team, especially in a delicate transition period and they allowed us to succeed in hiring within challenging markets with a positive attitude and proactive approach."

AWIN

Tiziana Mariani | Head of Talent

"The level of service from bubb & Deel is equally high touch. We're a fast growing business who's expanding internationally at a rapid rate, and this stuff is complicated, so there's always teething problems and both Deel & bubb are super attentive at fixing things"

eucalyptus

Justin Teo | Head of International

"Their creativity and ideas were genuinely inspiring and the content they created for us was both engaging and hugely captivating. As far as the technology went, it was intuitive and was able to cover more ground and reach out to more prospective candidates than we could have done in several months but they did this in a few short weeks. Overall, the service was exceptional"
